Week 1

JANUARY CHAMBER COFFEE HOST

TN Quality Homecare, located at 1000 Cornerstone in Paris, TN is proud to be hosting this month's Chamber coffee. TN Quality Homecare has been serving Henry and surrounding counties for the last 30 years. In this time we have undergone many changes, both externally and internally as we are always working to evolve to meet the ever changing needs of our patients. TN Quality was purchased by Tennessee Health Management in 2006 but continued to be operated by the same staff and personnel. This merger proved to be extremely beneficial for TN Quality as now we are able to provide the full continuum of care to our patients from post hospital through our affiliation with the varying levels of healthcare. As part of our continuum THM is able to offer Skilled nursing care in our Rehabilitation Centers, Long term care, outpatient rehabilitation services, and inpatient behavioral healthcare hospital services in addition to our homecare and hospice services with a private duty division as well. Our local affiliate is Paris Healthcare and rehabilitation center.

In our homecare division we offer skilled nursing care with both Licensed Practical Nurses and Registered Nurses that can cover all of your home health needs from wound care to education on managing your disease processes. In addition to general nursing we provide Psych nursing services, Physical therapy, Occupational therapy, Speech therapy, and home health aide services to help our patients recover in the comfort of their own home. To better serve our patients, we are a fully integrated EHR provider that documents and maintains all of our healthcare documentation on an electronic medical records system allowing us to maintain patient data in the most secure and safest way possible. This system helps assure that all aspects of the patients care are documented and shared with not only the primary care physician but also all the other members of the care team that are participating in the patients care.

At TN Quality Homecare our number one goal is patient care. We strive to provide the absolute best care possible and always make it a point to focus our care around the patient's specific needs. We want each patient to realize that they are an individual person to us and will be treated in that manner. The care team creates a personalized care plan on each of our patients that fits the exact process and living dynamics that they may be experiencing at that time.

TN Quality Homecare is very proud to be a part of the healthcare system in Henry County. Camille McSwain RN is our branch manager for the Paris office and if we can be of any service to you or your loved ones we welcome any calls or questions you may have. The office contact information is 731-641-9990 for the main phone line and we also have a toll free number, 1-888-548-1013. Our fax number is 731-641-9940 or if you would like to contact the office through email, the address is mgrhhparis@tnhomecare.com, in addition to this information if you would like any info about THM or TN Quality Homecare it can be viewed at www.tnhealthmanagement.com/tnqualityhomecare. Thank you again for your support over the last 30 years and we look forward to continuing to provide the best homecare possible for Henry County in the years ahead.
